## DETAILED ACTION

### *Election/Restrictions*

1. Upon initial review of the claims it appears that claims 1-117 differ in subject matter and therefore require a different search. In accordance with this a restriction is deemed proper.
2. Restriction to one of the following inventions is required under 35 U.S.C. 121:
  - I. Claims 1-44 and 97-103, drawn to focus control of multiple diverse workspace objects, classified in class 715, subclass 767.
  - II. Claims 45-66 and 104-110, drawn to help presentations, classified in class 715, subclass 705.
  - III. Claims 67-96 and 111-117, drawn to remote operation of computing devices, classified in class 715, subclass 740.
3. Inventions Groups I, II and III are unrelated. Inventions are unrelated if it can be shown that they are not disclosed as capable of use together and they have different modes of operation, different functions, or different effects (MPEP § 806.04, MPEP § 808.01). In the instant case the different inventions have different functions such as an element that is made the active component may be altered (Group I), a user can access assistance or information regarding an application or operation interactively (Group II) and a user has access to and control of a data processing system or component at a location removed from the user (Groups III).

4. Because these inventions are distinct for the reasons given above and have acquired a separate status in the art as shown by their different classification, restriction for examination purposes as indicated is proper.
5. Applicant is advised that the response to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed.
6. Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 C.F.R. § 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a diligently filed petition under 37 C.F.R. § 1.48(b) and by the fee required under 37 C.F.R. § 1.17(h).
